INTEGRA MARINE & FREIGHT SERVICES N.V.

Always ahead of the waves

Integra Marine & Freight Services N.V., based in Suriname, is your Integrated Logistics Partner who offers you a full scope of freight and logistical services across global origins and destinations. Our services are based on a unique combination of local and foreign technology, logistics infrastructure and expertise.

ABOUT US

WHO WE ARE

With a special focus on integrated transport, logistics and marine services, Integra Marine & Freight Services N.V. (IntegraMar) adds value to your supply chain.

Based in Suriname IntegraMar offers its clients a complete range of freight, logistical and ship services across global origins and destinations. We operate a bonded warehouse located on our office premises and offer the possibility to store and process consolidated import cargo.

IntegraMar represents and handles major shipping lines in the port. The terminal operations for Containers / Breakbulk and Special Project Cargo are handled by our affiliated partner, DP World Paramaribo.

Whether it be fast moving consumer goods, heavy equipment for the mining industry or pipes for the oil and gas industry, IntegraMar is there to handle this professionally and make sure it is delivered where it's supposed to be.

COMPLIANCE

CERTIFIED

OUR VISION

We aspire to be the leading logistic partner who enables her customers to successfully make better decisions for their supply chain challenges.

In the past decades, we have grown significantly through diversification from vessel/cargo agency into an end-to-end logistics provider. We combine local and foreign technology, logistics infrastructure and expertise to provide and constantly optimize our services. Furthermore, we are carefully expanding our scope of shipping and cargo business through partnerships as well as increasing and diversifying supply chain involvement, while constantly meeting customer expectations and market demands which is our mission as well.
